WARMTH OF WOOD FOR THE FEELING OF HOME.
Our drive to make windows that are different and better has been at the heart of our company for 115 years, leading us to pioneer new products, set higher standards for the entire industry and ultimately become America’s most recognized and trusted brand of windows and patio doors.*

We design and build quality windows and patio doors that are among the best-performing in the industry – and a favorite among builders and homeowners alike. Our energy-efficient, low-maintenance and long-lasting** products not only offer an array of style options for your home, they are also backed by our renowned Owner-2-Owner® limited warranty. So whether you’re replacing, remodeling or building new, choose Andersen and nothing less.

400 SERIES

Time-tested, Classic Wood Craftsmanship.
As our most popular products, the 400 Series brings you the best overall blend of performance and style to satisfy just about any window or patio door need. With a time-tested blend of engineering and craftsmanship, these windows and patio doors offer a broad array of shapes, styles and colors to fit any style.

200 SERIES

Warmth of Wood at an Uncommon Value.
Available in our most popular options and sizes, the 200 Series offers Andersen quality at an uncommon value.
400 Series awning, casement and picture windows with White interiors and White contemporary folding hardware.
YOUR HOME STYLE

It can be hard to put your finger on the exact style you’d like for your home. To help, Andersen has done extensive research into many architectural styles and how windows and doors play a critical role in achieving them. We’ve compiled it all into our Home Style Library so you can find the perfect style for your home.

Explore our Home Style Library at andersenwindows.com/stylelibrary

ARTS & CRAFTS

Arts & Crafts is marked by a sense of the familiar, the handmade, and the “craftsmanship” of design. Home styles in this selection include Craftsman Bungalow, Prairie or Shingle which have the following attributes:

- Large glass and single glass openings
- Grilles in the upper sash of the double-hung windows
- Art glass for that distinctive design touch
- 4 ½”-wide flat window trim with sill nose
- Windows and siding are similar in tone; window trim is usually a warm, contrasting color

*CVisit andersenwindows.com/warranty for details.
FARMHOUSE
As a traditional style, Farmhouse brings you back to the casual, simple, relaxed and delightful homestead of earlier time. Home styles can include both American Farmhouse or Queen Anne which have the following attributes:
• Double-hung windows that are tall and narrow with a simple grille pattern
• 4 1/2"-wide flat window trim, frequently with a decorative drip cap
• White and Forest Green windows and window trim colors used in any combination

RANCH
Blending styles is becoming more and more popular, and Ranch homeowners are remodeling interiors to be more contemporary and exteriors to be more traditional. Attributes of this style include:
• Divided light windows to enhance both curb appeal and interior aesthetics
• Double-hung, casement and awning windows used alone and in ribbon combinations
• 3 1/2"-wide flat or 2"-wide brick mould window trim that typically coordinates with other features such as roofing or masonry

MODERN
Modern style incorporates clean lines, simple forms and open floor plans. Home styles include Industrial Modern, International Modern and Miesian Modern which have the following attributes:
• Expanses of glass to heighten the interior and expand space and light
• Casements and awnings are widely used window types in Contemporary homes
• 2"-wide brick mould window trim used to minimally highlight the windows or to create a shadow line

COLONIAL
Colonial today refers to a host of blended designs and highly popular styles including Georgian/ Federal and Cape Cod. In fact, many homeowners are remodeling other styles of homes to look more colonial. Attributes of this style include:
• Dormers and divided light double-hung windows
• Clapboard siding and shutters
• Fan light over entry door
• 3 1/2"- or 4 1/2"-wide flat window trim, often with a decorative cornice
• White or Light Gray windows with stark, contrasting window trim
400 Series casement, awning, picture and Flexiframe® windows with Black exteriors.

GLASS

HIGH-PERFORMANCE GLASS

Glas can affect energy efficiency more than any other part of a window or patio door — and not all glass performs the same. Andersen offers one of the industry’s widest array of glass options, so you’re sure to find the right choice for your climate and your home. Choose from these High-Performance glass options.

Low-E4® Glass
Outstanding thermal performance for climates where both heating and cooling costs are a concern. It is up to 56% more energy efficient than ordinary dual-pane glass.*

Low-E4 SmartSun™ Glass
It gives you the benefits of Low-E4 glass, plus it helps shield your home from the sun’s heat and filters out 95% of harmful UV rays while letting sunlight shine through.

Low-E4 Sun Glass
It’s tinted for maximum protection from the effects of intense sunlight while providing all the benefits of Low-E4 glass.

ART GLASS

With art glass from Andersen, you can enhance a transparent look, express your individuality or add a touch of elegance. These finely crafted inserts are available in two distinctly different series to complement any home’s architecture and designed to fit most Andersen windows and patio doors.

OPTIONAL ACCESSORIES
INSECT SCREENS

Optional insect screens are available for all 400 and 200 Series products. Patio doors feature conventional Andersen® fiberglass insect screens. For windows, choose aluminum insect screens, or TruScene® insect screens that provide a clearer view, help bring the outdoors into your home and are less noticeable from the street.

TRUSCENE INSECT SCREENS — 50% GREATER CLARITY*

Exclusive Andersen TruScene insect screens provide more than 50% greater clarity than our conventional insect screens for a beautifully unobstructed view. And they let in more fresh air and sunlight, while doing a better job of keeping out small insects.

FRAMES

For casement and awning windows, TruScene insect screen frames are available in Stone, White, Dark Bronze, Black or Pine veneer that can be stained to match the window. Insect screen frames for all other windows are installed on the exterior of the window and match the unit’s exterior color.

FULL OR HALF WINDOW INSECT SCREENS

GLIDING PATIO DOORS

Gliding insect screens are available for two- and four-panel doors.

RETRACTABLE INSECT SCREEN

The retractable insect screen is installed on the exterior of the door and opens side to side across the width of the opening. When the insect screen is not in use, it neatly retracts into a small canister. Available for two-panel doors.

HINGED INSWING PATIO DOORS

Hinged or Double-Hinged Insect Screen

Available for single-panel doors and two-panel jamb hinged doors.

GLIDING INSECT SCREEN OPTIONS

All hinged and gliding patio door insect screens have a long-lasting** fiberglass screen mesh with a charcoal finish. Available in colors to match the exterior of the door.†

*Comparisons made to conventional Andersen aluminum insect screens. **Visit andersenwindows.com/warranty for details. †See your Andersen supplier for availability. Printing limitations prevent exact color replication. See your Andersen supplier for actual color samples.
OPTIONS & ACCESSORIES
EXTERIOR TRIM

For more curb appeal, add optional Andersen® exterior trim. It’s available in 11 colors, so you can match or complement your window or door colors to create a variety of looks. Made of Fibrex® material, our trim never needs painting, and it won’t fade, flake, blister or peel no matter what the climate.*

OPTIONS & ACCESSORIES
SMART HOME SOLUTIONS

THE SMARTEST TECHNOLOGY FOR THE SMARTEST HOMES
Andersen® smart home solutions provide increased security, convenience and peace of mind. Now you can include windows and patio doors to truly complete your connected home, and with self-monitoring and professional monitoring options available with each smart home product, there are options to fit every home and lifestyle. To learn more, visit andersenwindows.com/connect.

WIRELESS OPEN/CLOSED SENSORS
These wireless sensors provide the peace of mind of knowing whether windows and patio doors are open or closed.**

FEATURES/BENEFITS
- **EASY INSTALLATION**
  No tools are required to install our sensors. Simply place the sensor on a window or patio door and line up the magnet with the sensor until the LED glows blue!
- **MAINTAINS WARRANTY**
  No drilling required which can void warranties.
- **COMPACT DESIGN**
  Sleek, compact design for a clean appearance, available in a variety of colors to blend in with the window or patio door.

COLOR OPTIONS
- White
- Canvas
- Sandtone
- Dark Bronze

VERILOCK® SECURITY SENSORS
With the most advanced technology in the industry, VeriLock® security sensors* not only indicate whether windows and patio doors are open or closed, they even tell you if they are locked or unlocked.** No other sensor can do that.

FEATURES/BENEFITS
- **MAINTAINS WARRANTY**
  No drilling required which can void warranties.
- **HELPS MAXIMIZE ENERGY EFFICIENCY**
  Windows that are closed but unlocked lose air at a rate up to 3X that of a closed and locked window:** VeriLock sensors tell you which windows and patio doors are open or unlocked** so you can help manage air loss.!
- **PRESERVES BEAUTY**
  Available in a variety of colors to complement many Andersen hardware or interior finishes.

COLOR OPTIONS
- White
- Gold Dust
- Taupe Gray†
- Stone
- Black

*Not available on 400 Series Woodwright®. **When properly configured and maintained with a professionally installed security system and/or self-monitoring system compatible with Honeywell® 5800 controls. See your Andersen supplier for more information. †Based on testing of thirty-two (32) A-Series double-hung windows. Air loss through unlocked windows will vary based on window type and age, pressure differential, temperatures inside and outside the home, altitude and application. ††Not available on 400 Series tilt-wash.
ENERGY EFFICIENCY.
DURABILITY. RELIABILITY.

ENERGY-SAVING GLASS FOR ANY CLIMATE
Andersen makes windows and doors with options that make them ENERGY STAR® v. 6.0 certified throughout the United States.
Visit andersenwindows.com/energystar for more information and to verify that the product with glass option is ENERGY STAR certified in your area.

LOW-MAINTENANCE, NEVER NEEDS PAINTING
The Perma-Shield® exteriors on Andersen windows and doors offer superior weather resistance and are virtually maintenance free.

KEEPS THE WEATHER OUT
Our weather-resistant construction seals out drafts, wind and water so well, you can relax in comfort whatever the weather. We carefully select weatherstripping to suit each style of window and door to make sure you enjoy superior comfort and reliability.

WE OFFER OPTIONS FOR THE HARSHEST WEATHER ENVIRONMENTS
400 Series windows with Stormwatch® protection meet building code requirements in coastal areas.* Products with Stormwatch protection are energy efficient, resist the effects of salt water and stand up to hurricane-force winds and wind-borne debris.** For details, visit andersenwindows.com/coastal.

OWNER2OWNER® LIMITED WARRANTY
QUALITY SO SOLID, THE WARRANTY IS TRANSFERABLE*
Many other window and door warranties end when a home is sold, but our coverage — 20 years on glass, 10 years on non-glass parts — transfers from each owner to the next. And, because it is not prorated, the coverage offers full benefits, year after year, owner after owner. So it can add real value when you decide to sell your home.

BUILT FOR YEARS TO COME*
Our products are built strong to last long.* We use the right materials in the right places, including solid wood, fiberglass and our own Fibrex® composite material. These give our windows and doors superior strength, stability and long-term beauty.

RIGOROUSLY TESTED
The exclusive Andersen® Perma-Shield® system gives our windows and doors a tough, protective shell that safeguards the wood inside. It repels water, resists dents and stays beautiful for years.

ASK ABOUT ENERGY STAR

*DVisit andersenwindows.com/energystar for more information and to verify that the product with glass option is ENERGY STAR certified in your area.

WINDOW & DOOR TYPES

WINDOW TYPES

CASEMENT
Casement windows are hinged windows that, with a turn of a crank, open outward to the right or to the left. Casements are common above kitchen sinks and give you flexibility to group in stunning combinations.

AWNINING
Awning windows are hinged at the top and open outward. They catch breezes from the left or right and are often used above, below or alongside stationary windows.

DOUBLE-HUNG
A double-hung window has two vertically sliding sash in a single frame. Double-hungs lift open while remaining flush with the wall, making them ideal around patios, decks and walkways.

BAY & BOW
Bay and bow windows are window combinations that project outward from a home. These dramatic combinations can add space, volume and light to a room and add more personality to any home.

SPECIALTY
Specialty windows are stationary windows characterized by their special shapes, including curves and dramatic angles. They can make a signature statement in your home and provide a delicate lighting accent.

GLIDING
Gliding windows feature two sash, with at least one of the sash sliding horizontally past the other. They give you the advantages of double-hung windows with a more contemporary look.

STATIONARY
Stationary windows, as the name states, are windows that don’t open. Often referred to as picture or transom windows, they’re typically used in combination with venting windows.

HINGED INSWING
To save room in smaller areas such as balconies, patios and decks, you’ll love the space-enhancing benefits of inswing patio doors.

SIDELIGHTS & TRANSOMS
Expand your patio door with elegant combinations, including sidelights, transoms and stationary door panels.

PATIO DOOR TYPES
400 Series Woodwright® double-hung insert replacement windows with Oak interiors.
400 SERIES WOODWRIGHT® DOUBLE-HUNG WINDOWS

OUR PREMIUM 400 SERIES DOUBLE-HUNG WINDOW OFFERS CLASSIC STYLE AND MODERN EASE.

With their authentic craftsmanship and beautiful details, Andersen® Woodwright® double-hung windows allow you to retain or add charm to your home with beautiful wood interiors and a wide array of style options.

AUTHENTIC CRAFTSMANSHIP

Woodwright windows help replicate the look of classic architecture and feature wood jamb liners to integrate seamlessly with your existing interior trim.

INTERIOR OPTIONS

Choose from three interior wood species or low-maintenance prefinished White to closely match or replicate your current home décor.

Pine Oak Maple White

This product available with Stormwatch® protection, including impact-resistant glass with a Performance Grade (PG) Upgrade on select sizes.

EASY TILT-RELEASE LOCK

By just pushing your thumb forward, the window tilts inward to make cleaning your window even easier.

BEAUTY IS IN THE DETAILS

Elegant hardware features a traditional spoon style design and is available in 12 finishes to match cabinetry and décor.

SPECIALTY WINDOWS

Woodwright full-frame windows come in a variety of shapes, from a simple rectangular shape to a distinct, architecturally inspired look with graceful arches. Bay window combinations are also available for this product.

DESIGNED FOR EVERY APPLICATION REPLACING, REMODELING OR BUILDING?

INSERT WINDOW

Available for easy replacement.
- Fits into existing wood window frame
- Saves time and money with minimal disruption to your home
- Available in three sill angle options for a weathertight fit
- Includes convenient installation kit

FULL-FRAME WINDOW

Available for new construction or remodeling projects.
- Offers maximum visible glass area
- Good option when wanting to change size or shape of existing window opening

CUSTOM SIZES

Available in custom sizes for both insert and full-frame windows.
400 SERIES TILT-WASH DOUBLE-HUNG WINDOWS

OUR BEST-SELLING DOUBLE-HUNG WINDOW

INTERIOR OPTIONS
Choose from unfinished stain-grade Pine or three low-maintenance prefinished interior options.

LONG-LASTING,* WEATHERTIGHT PERFORMANCE
Our Perma-Shield® exterior cladding protects the unit and offers low-maintenance. Dual-layer weatherstripping helps seal out dust, wind and water.

TILT-IN FEATURE
Easily tilt your sash in to clean your windows from the inside of your home.

NARROLINE® WINDOW CONVERSION KIT
If your home has Andersen® Narroline® windows that were made after 1967, our quick conversion kit can easily turn them into convenient, tilt-wash double-hung windows.

DESIGNED FOR EVERY APPLICATION REPLACING, REMODELING OR BUILDING?

INSERT WINDOW
Available for easy replacement.
- Fits into existing wood window frame
- Saves time and money with minimal disruption to your home
- Available in three sill angle options for a weathertight fit
- Includes convenient installation kit

FULL-FRAME WINDOW
Available for new construction or remodeling projects.
- Offers maximum visible glass area

- Dark Bronze
- Black

*Sandtone interior is available on 400 Series gliding windows only.
400 SERIES
SPECIALTY WINDOWS

These specialty windows let you complement your home’s style with elegant arches and dramatic angles. Used alone or in combination with other windows, they heighten curb appeal and enhance the character of your home.

SPECIALTY WINDOWS

Andersen complementary specialty windows let you choose from a wide variety of uncommon shapes, including elegant arches, striking angles and compelling curves.

FLEXIFRAME® WINDOWS

Flexiframe® windows are available in custom sizes and can be designed in nearly any shape made with straight lines, provided no angle is less than 14 degrees. When other window companies say it can’t be done, Andersen does it easily — and beautifully.

COMPLEMENTARY WINDOWS

These windows are carefully handcrafted to complement our 400 Series products with dramatic sizes and extraordinary shapes that give your home a signature look. Custom sizes and shapes are also available.

CASEMENT WINDOWS

Andersen® complementary casement windows offer easy operation along with old-world style. They include French casements — twin sash inside of one frame with, unlike ordinary casements, no mullion bar between them, giving you a totally unobstructed view. Complementary casement windows are available in rectangles, trapezoids and a variety of arched shapes.

SPECIALTY WINDOWS

Andersen complementary specialty windows let you choose from a wide variety of uncommon shapes, including elegant arches, striking angles and compelling curves.

*Also available to match Andersen® 200 Series double-hung windows.
400 Series casement, picture and Flexiframe® windows with Black interiors and contemporary folding hardware in Black.
200 SERIES TILT-WASH DOUBLE-HUNG WINDOWS

Our 200 Series tilt-wash double-hung window comes in our most popular sizes and gives you our most requested options. You still get low-maintenance exteriors and real wood interiors, along with our renowned Owner-2-Owner® limited warranty.*

**INTERIOR OPTIONS**
Choose from unfinished stain-grade Pine or low-maintenance prefinished White interiors.

**TILT-IN FEATURE**
Tilt-in top and bottom sash with low-profile tilt latches to clean your windows from the inside of your home.

200 SERIES GLIDING WINDOWS

Andersen 200 Series gliding windows feature a single operating sash and give you low-maintenance exteriors, with real wood interiors.

**INTERIOR OPTIONS**
Choose from unfinished stain-grade Pine or low-maintenance prefinished White interiors.

*Visit andersenwindows.com/warranty for details.

200 Series Narroline® gliding door with White interior and Albany hardware in Black.
GLIDING PATIO DOORS

Gliding patio doors are ideal for any climate or any room. Unlike hinged patio doors, they fit into tighter spaces because they have at least one operating panel that glides horizontally so it does not interfere with your room or patio. Whether you want a traditional or contemporary look, Andersen offers a full portfolio of space-saving, weathertight gliding patio doors.

UNIQUE LOCKING SYSTEM FOR PEACE OF MIND

For weather protection and improved security, our reach-out locking system pulls the door tightly against the jamb. An optional auxiliary foot lock provides an extra measure of security when the door is in a locked position. Available finishes coordinate with our patio door hardware.

SMOOTH, LONG-LASTING* OPERATION

Our gliding patio doors have panels that move on adjustable ball-bearing rollers and a durable stainless steel-capped track. The result is long-lasting,* smooth, effortless operation.

WEATHERTIGHT PERFORMANCE

Interlock weatherstripping is designed to seal out drafts, wind and water.

PREMIUM HARDWARE

Match the style of your home décor with our wide selection of hardware styles and finishes — more than you’ll find with just about any other manufacturer. An optional exterior keyed lock can also be added to your hardware selection.

DID YOU KNOW?

You can easily replace a gliding patio door with a hinged door, giving you the option of having two panels that can open.

EXPAND YOUR VIEW

OPTIONAL CONFIGURATIONS

With an extensive array of options including the addition of stationary panels and either two- or four-panel configurations to fit virtually any size requirements.

*Visit andersenwindows.com/warranty for details.
400 SERIES FRENCHWOOD®
GLIDING DOORS

TRADITIONAL FRENCH DOOR STYLING.
Our best-selling gliding patio door offering time-tested, classic wood craftsmanship.

LONG-LASTING* PERFORMANCE
Our Perma-Shield® exterior cladding protects the unit and offers low-maintenance.

INTERIOR OPTIONS
Choose from stain-grade quality wood interiors that are ready to finish or a low-maintenance, prefinished white interior.

CONFIGURATIONS
Available in two- and four-panel door configurations.

BLINDS-BETWEEN-THE-GLASS
Optional blinds are located between the panes of insulated glass, protected from dust and damage, and never need cleaning.

*Visit andersenwindows.com/warranty for details.
200 SERIES PERMA-SHIELD®
GLIDING DOORS

LOW-MAINTENANCE INSIDE AND OUT.
A tried-and-true classic, Perma-Shield® patio doors feature contemporary profiles to maximize light and view and are protected inside and out with rigid vinyl cladding to keep maintenance to a minimum.

LONG-LASTING® PERFORMANCE
Solid wood core with durable Perma-Shield interior and exterior cladding that protects the unit.

CONFIGURATIONS
Available in two-panel door configurations.

BLINDS-BETWEEN-THE-GLASS
Optional blinds are located between the panes of insulated glass, protected from dust and damage, and never need cleaning.

200 SERIES NARROLINE®
GLIDING DOORS

CONTEMPORARY PROFILES WITH THE WARMTH OF WOOD.
Our 200 Series Narroline® gliding patio doors combine the beauty of natural wood with sleek contemporary profiles to maximize your view and fill your home with sunlight.

LONG-LASTING® PERFORMANCE
Our Perma-Shield exterior cladding protects the unit and offers low-maintenance.

CONFIGURATIONS
Available in two- and four-panel door configurations.

*Visit andersenwindows.com/warranty for details.
HINGED INSWING PATIO DOORS

Designed to open into a room or out onto a patio, hinged patio doors bring nature’s beauty inside while enhancing the style of your home. Inswing patio doors save room for smaller exterior areas and are often used in colder climates.

UNIQUE LOCKING SYSTEM FOR PEACE OF MIND
Engaging our patented multi-point locking system positions two hook bolts above and below the center deadbolt. This tightens the door against the frame to help keep the weather out and secure the door firmly.

WEATHERTIGHT PERFORMANCE
One-piece, continuous weatherstripping has welded corners to provide maximum protection against air and water infiltration.

CONSIDER EXPANDING YOUR VIEW
Add a border of patio door sidelights or transoms to enhance your view.

DID YOU KNOW?
You can easily replace a gliding patio door with a hinged door, giving you the option of having two panels that can open.

SMOOTH, LONG-LASTING* OPERATION
For smooth operation and frictionless movement, you can easily fine tune the position of your door panel with our adjustable hinges. They also include a quick-release feature for easy panel removal during installation.

PREMIUM HARDWARE
Match the style of your home décor with our wide selection of hardware styles and finishes — more than you’ll find with just about any other manufacturer. An optional exterior keyed lock can also be added to your hardware selection.

COMPLEMENTARY CURVED TOP PATIO DOORS
With features like Romanesque arches and insulated decorative art glass, nothing else quite matches the grandeur curved top patio doors can bring to your home. Available in inswing and outswing configurations.

*Visit andersenwindows.com/warranty for details.
**400 SERIES FRENCHWOOD® HINGED INSWING DOORS**

Our best-selling hinged inswing patio door offering time-tested, classic wood craftsmanship.

**LONG-LASTING* PERFORMANCE**

Our Perma-Shield® exterior cladding protects the unit and offers low-maintenance.

**INTERIOR OPTIONS**

**LOCKING SYSTEM**

Available with our standard hook deadbolt lock or an optional multi-point lock.**

*Visit andersenwindows.com/warranty for details.

** Multi-point locks are standard on 7'-6" and 8'-0" height doors.
GLIDING & HINGED
PATIO DOOR HARDWARE*

400 Series and 200 Series patio door hardware is available in a variety of different designs to match any style.

**Hardware sold separately. **Available on FSB hardware only.

Distressed bronze and oil rubbed bronze are “living” finishes that will change with time and use. Bright brass and satin nickel finishes on patio door hardware feature a 10-year limited warranty.

Matching hinges available in most finishes for inswing patio doors. Printing limitations prevent exact finish replication. See your Andersen supplier for actual finish samples.

*FSB* is a registered trademark of Franz Schneider Brakel GmbH & Co.
