

# Full Insect Screen

for Andersen® Gliding Windows

**INSTALLER: Please leave this guide with the building owner to file for future reference.**

Congratulations! You have just purchased one of the many fine Andersen products. For ease of installation and continued enjoyment of your Andersen product, please read and follow this Instruction Guide completely. If your abilities do not match this procedure's requirements contact an experienced contractor. You may direct any questions about this or other products to your local Andersen dealer. Andersen dealers can be found in the Yellow Pages under Windows. Thank you for choosing Andersen.

## Important Safety, Assembly, and Installation Information

Proper assembly, installation and maintenance of Andersen products is essential if the benefits of experienced product design and engineering, quality materials, and skilled workmanship are to be fully attained. Every assembly and installation is different (windloads, structural support, etc.) and, Andersen strongly recommends consultation with an Andersen supplier or an experienced contractor, architect, or structural engineer prior to the assembly and installation of any Andersen product. Assembly and installation of Andersen products is the sole responsibility of the architect, building owner, contractor and/or consumer and Andersen has no responsibility in this regard.

**⚠ WARNING**

Use of ladders and/or scaffolding and working at elevated levels may be hazardous. Follow equipment manufacturer's instructions for safe operation. Use extreme caution when working around window and door openings. Personal injury and/or falls could occur.

**⚠ WARNING**

Improper use of hand or power tools could result in personal injury and/or product damage. Follow equipment manufacturer's instructions for safe operation. Always wear safety glasses.

**⚠ WARNING**

Weight of window and door unit(s) and accessories will vary. Use a reasonable number of people with sufficient strength to lift, carry, and install window and door unit(s) and accessories. Always use appropriate lifting techniques.

**⚠ WARNING**

- Parts Included**
- (1) Active Side Insect Screen Panel
  - (1) Passive Side Insect Screen Panel
- Installation Tools Required**
- None

## 1. Install Passive Side Insect Screen Panel

### NOTICE

Insect screen is installed from the interior side of the window.

- Open window unit and slide the active window panel all the way to the left.
- Locate *Passive Side Insect Screen Panel* (without *Astragal* and *Astragal Lever*).
- Grasp insect screen handle at the bottom of the insect screen and insert top of insect screen into insect screen track. Pull in at bottom of insect screen and lift up slightly placing insect screen into bottom track.
- Slide insect screen all the way to the left making sure insect screen panel fits into channel on side jamb of window.
