Andersen offers even greater design flexibility with custom-dimensioned equal leg arches, unequal leg arches and partial eyebrows. Custom arch windows can be designed using one of 10 standard radii, further expanding the existing line of 90 standard sizes of Andersen arch windows.

Custom arch shapes and sizes are specially constructed to be used in combination with other Andersen® windows including casement, awning, double-hung, gliding and Flexiframe® windows and hinged or gliding patio doors.

Color coordinate with any project. Arches are available in White, Canvas, Sandtone, Terratone®, Forest Green and Dark Bronze colors. Andersen grilles are available for most styles and sizes. Contact your supplier for availability.

Listed below are some factors that must be considered when deciding on a custom arch size and shape. For specific design criteria, joining guidelines and order information, contact your Andersen supplier.

- Do all calculations in inches to 3 decimal places
- Order extension jambs along with window for correct sizing
- All units are stationary
- Maximum standard glass area of 60 sq. ft. or 5.57 m²
- Ten standard radii:
  - 18 3/4" (476), 2' (610), 32 1/4" (819), 34 1/4" (870), 3' (914), 4' (1219), 5' (1524), 6' (1829), 8' (2438), 16' (4877)
- Maximum radius: based on available radius piece length, contact supplier for specific information
- Maximum equal leg width: 36 3/4" (932) for 18 3/4" (476) radius to 12' (3658) for 16' (4877) radius
- Maximum unequal leg width: 18 3/4" (476) for 18 3/4" (476) radius to 11'-2" (3404) for 16' (4877) radius
- Maximum partial eyebrow width: 18 3/4" (476) for 18 3/4" radius to 11'-5 1/2" (3493) for 16' (4877) radius
- Only one dimension, height or width can exceed 7'-0" (2134)
- No height dimension greater than 12'-0" (3658)
- No leg dimension less than 6" (152)
